

Silver 32 anti-noise earmuffs

Work earmuffs SNR 33 db

Silver 32 noise-cancelling ear muffs offer **extremely high noise attenuation with an SNR of 33 db**, making them ideal for noisy environments. The robust, light-weight **ABS shells** and the comfortable contoured plastic headband, which can be **folded down for space-saving storage**, make the work earphones extremely practical and comfortable. The soft padding of the headband also improves grip and comfort during use.

Silver 32 earmuffs **comply with the EN 352-1:2020 standard** for hearing protection.
