

Diamond X Blade Disc

Multipurpose blade Forged

Diamond blade produced with the **revolutionary Forged technology** that consists of forging an exclusive mix of binders and diamonds that give the blade maximum **cutting versatility on all types of materials**. These binders used have the special feature of **resisting heat**, further improving their performance when subjected to maximum stress.

The **X Blade multi-purpose diamond blade** guarantees a **long service** life and has excellent cutting capacity, with **significantly lower vibration levels** when used manually by operators.

MATERIAL TYPE

- Brick
- Cement
- Reinforced concrete
- Abrasives/Refractories
- Iron/Ghisa
- Asphalt
- Granite/Stone

QUALITY STANDARDS

- Platinum quality

CUTTING INSTRUCTIONS

- Dry cutting
- Wet cutting

Technology

Forged
Germantechnology
